

# SNOW PUSHER

The Blue Diamond® Standard Duty and Heavy Duty Snow Pushers offer excellent value for the light user right up to the commercial snow removal contractor. Both models use an adjustable rubber cutting edge and bolt-on wear shoes made from AR400. The rolled moldboard keeps the snow load live to reduce the host machine horsepower needed to move large snow loads. The Heavy Duty model uses thicker wear shoes, heavier side plates, and more crossbraces than the Standard Duty model. A vertical brace ties the crossbraces together to spread out the impact force on the Heavy Duty unit.

PART NUMBER	MODEL	WEIGHT
120111	<b>60" Snow Pusher, W/Rubber Edge</b>	625 lbs
120113	<b>72" Snow Pusher, W/Rubber Edge</b>	650 lbs
